USDA RURAL DEVELOPMENT ANNOUNCES FUNDING FOR EL PROGRESO MEMORIAL LIBRARY

Uvalde, Texas, July 30, 2003 -- Bryan Daniel, Texas State Director, USDA Rural Development announced that the El Progreso Memorial Library has received a \$1,800,000 loan through the agency's Community Facilities guaranteed program. The effort is part of USDA Rural Development's national program to help rural areas build and enhance essential community facilities.

"USDA Rural Development's Community Facilities program helps rural communities keep pace with the needs of their rising populations," said Daniel. "Rural residents can utilize our programs to help provide essential public services that will enhance the quality of life for all rural residents."

The funds will be used to provide Uvalde County with not only library services but also a museum and archives for the city and county. The population served by this project is 25,926.

In Fiscal Year 2002, a total of \$12 million in direct and guaranteed loans were obligated. Community Facilities loan funds may be used to construct, enlarge, or improve community facilities for health care, public safety, and public services. These loans and grants are made to public entities and non-profit organizations. Examples of eligible projects include rural healthcare clinics, town halls, fire trucks, county safety equipment, Jaws of Life, early warning systems, community centers, libraries, day care centers, and schools.
